

Activity Sheet: Active Supervision Reflection

We've heard a lot of great strategies during this training that can help strengthen supervision practices in child day care programs. Take a moment to reflect on each of the six Head Start/ECLKC active supervision strategies. In the spaces provided, write down one thing you already do well in the area, one thing you could improve in the area and one new thing you learned during this training that you can implement to make the area stronger.

SET UP THE ENVIRONMENT

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area

POSITION STAFF

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area

SCAN AND COUNT

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area

Active Supervision in Child Care

LISTEN

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area

ANTICIPATE CHILDREN'S BEHAVIOR

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area

ENGAGE AND REDIRECT

One thing I do well in this area	One thing I want to improve in this area	One new thing I learned and can implement in this area
